Description

The dreamed case for promotional gifts

FedEx Italia Marketing Management is always looking for a distinctive trait. Despite having selected classic promotional, such as a portable battery charger and confectionery, Gianduiotti and Cremini, FedEx Italy wanted to avail itself of the advice of a creative staff to realise an original accommodation for its business Xmas gifts.

We have created an exclusive bespoke box, custom-made star-shaped case, which alone surprises for its beauty and elegance, and that can keep every homage inside enriched with preciousness. Here is an example of how a cured packaging can also ennoble the simplest content, such as chocolates.

Utterly astonishing
