Description

 Discover the magic of the new "[Memostatic](#)" [static paper sheets](#): the electrostatic sheets with a magnetic effect adhere to all the smooth surfaces by means of an electrostatic charge.

**Bespoke notepad**

- Closed size: approx. 100x70 mm
- Sticky notepad glued on the 3° cover
- Notepad thicknesses:
  - » 50 Sheets of electrostatic paper for a thickness of 2.5 mm
  - » 100 sheets of electrostatic paper for a thickness of 5 mm
- **Rainbow Effect:**
  - Overlap different colors layers of electrostatic film
  - 20 sheets each block

**Bespoke Cover**

- Material: Cardboard
- Glossy protective finish
- Customization: Process printing

**Electrostatic paper sheets: description**

- Glue-free sticky notes
- Clinging sheets, no glue's residues, the notes adhere to surfaces exploiting a stable electrostatic charge
- Several times repositionable
- Adhere on all smooth and dry surfaces
- Customization: company logo printing (black only flexography )

**Colors**

- **Opalescent Milk White** (front and back)
- **Standard fluorescent** colors (upper side only): **yellow, green, orange, shocking-pink**
  - Fluorescent colors are obtained by smearing the neon ink on the upper side (one side only)
  - The back of the sheets is always white and usable as a slate with an erasable marker

**Customizations: Summary**

- Choice of the color of the sheets: Opal White, fluorescent yellow, fluorescent orange, fluorescent green and fluorescent shocking-pink
- Optional logo printing on the sheets: 1 color black (flexography)
- Print on the cover: from 1 up to 4 colors
- Thickness choice

**Package:**

Single wrapping, boxed in cartons

**Minimum quantity to run production:** 1000 pieces
